2014

ANNUAL REPORT

MAJOR FOUNDATION

Experience the Major Difference

The efforts of the Major Hospital Foundation volunteer Development Council and the generosity of our many donors has raised the support for the hospital and our patients to unprecedented heights. On behalf of our entire organization and the people we serve, I say, "Thank you." Your belief in our organization and what we do, along with your investment of your personal resources in our organization, makes a tremendous difference at MHP in many ways.

With the many rapid changes happening in the healthcare sector, it is a huge asset to our organization to have this growing bond between MHP and our community. Your support is strengthening our organization and enhancing the service we provide to all who enter our doors.

Please know that when you support the Major Hospital Foundation, you are supporting quality healthcare here in our home community, and we are most grateful.

*Jack Horner
President & CEO
Major Health Partners*

Serving as President of the Major Hospital Foundation Board of Directors has been my privilege and an honor. The generosity of our donors has allowed us to continue our support of Major Health Partners in 2014. I am continually impressed with the quality and scope of care available right here in our own community. The foundation will continue to work hard at spreading the word about what a fantastic community asset we have in our hospital. Please take a look at our report and find out what we've been able to accomplish this year with your support. So many lives have been touched by the terrific projects we've been proud to support. Our board is committed to expanding our efforts to touch even more lives in years to come. I extend my sincerest gratitude to all of our donors, and encourage them to continue their support.

*Carrie Pumphrey, D.D.S.,
Board Chair
Major Hospital Foundation*

It's with great pride that we present our 2014 annual report. The support of our donors and the efforts of our board and development council continue to be strong, and we are all very excited to have embarked on the Campaign for Your New MHP. This campaign will provide financial support for the new MHP facility. We're finding that our donors share our vision for the patient-centered, holistic care model this facility will provide, and we couldn't be happier.

We're looking forward to even more in 2015, so stay tuned! This is a challenging, but also very exciting time, to be involved in healthcare. You're going to see a lot from the Major Hospital Foundation and MHP as we work to continue providing top of the line healthcare to our community. Much of this will be possible through the support you provide, and we thank you. We hope you share our pride as you read this annual report!

*Angela Gill
Executive Director,
Major Hospital Founda-
tion*

OUR MISSION

The Major Hospital Foundation's mission is to support Major Hospital and our Patients through technology, medical equipment, and facilities; patient support and assistance; and health education for community and staff.

The Campaign for “Your New MHP”

The Major Hospital Foundation Development Council embarked on a new journey in 2014 by starting our first ever major campaign for a large capital project.

With your help, we’ll be building a state-of-the-art *facility* that will *facilitate* healthcare in our community and help us continue to provide exceptional medical care for you, your family and friends.

Major Hospital has long been recognized as a thriving community resource as well as a healthcare leader in the central Indiana area, and this new facility will positively affect generations to come by thoughtfully and strategically positioning our community for the ongoing transformation in healthcare. From energy efficiency to disaster readiness to flexibility to a holistic patient centered care model, the new facility is ‘major’ in every way. Patients will receive an unprecedented quality of care made possible by the efficiencies, technology, and patient focus the new facility will foster.

Watch the building’s progress by following “The Major Build” series on www.majorhospital.org.

SUPPORT TO MAJOR HOSPITAL AND OUR PATIENTS

Prescription Assistance: \$3,939

Prescription Assistance “provides a bridge” for patients who need prescriptions but cannot afford them when they leave the hospital. While case managers work to connect these patients to long-term assistance, this program makes sure patients have their prescriptions. This is a great way to avoid costly and preventable re-admissions.

Patient and Family Support: \$3,710

Sometimes patients need small healthcare related items that will help them through recovery and/or reduce stress during their stay.

You Are Not Alone Fund: \$12,522

Funded through community events, the You are Not Alone Fund supports Benesse patients in need by helping with certain medical and day-to-day living expenses.

Cancer Patient Assistance Fund: \$3,858

The fund was used to remodel the Bee Unique Boutique at the Benesse Cancer center. The renovated boutique now includes a better variety of merchandise and is now the go-to prosthetic bra-fitting destination for cancer patients in surrounding counties.

The Raymond E. Compton Fund: \$30,000

Mr. Compton established this fund in his estate for charity care.

Project Fever Control: \$732

An education program for parents presenting in the emergency room with a febrile child.

Clinical Relationship with IUPUC: \$5,000

To help MHP reach a goal of 80 percent of our nurses with a BSN by 2020. IUPUC will also provide doctoral nurses for research projects and higher level consulting.

Employee Relief Fund: \$2,724

Funded by employees, this pool of money offers financial assistance to qualifying employees facing a financial crisis.

LEGACIES OF CARING

Marian McFadden established the Marian McFadden Fund in her estate. She named the Foundation as trustee and stated that the income from the trust “shall be used for specific projects or improvements so designated by the Foundation.” The Foundation generally allocates income from the trust for capital purchases, including medical equipment and technology.

As a former Hospital Foundation board member, Marian McFadden understood that in order to provide superior health care solutions and optimal clinical outcomes, the hospital must have a stream of income to purchase the best equipment available. Since Miss McFadden’s momentous gift in 1975, many pieces of vital equipment have been purchased with the trust income. We think she would be proud of her role in Major Hospital’s reputation for cutting-edge technology and equipment in central Indiana. During 2014, the fund earned \$19,478 net of fees.

Mr. Compton created the Raymond E. Compton Fund in his estate. The terms of the trust state that income from the trust “shall be applied to the expenses of that part of said hospital as shall be incurred by any and all charity patients of said hospital and for no other purpose.”

People often put off vital health care because they are concerned that they simply cannot afford it. In the worst cases, people who need continuous health monitoring for chronic conditions like diabetes or hypertension ignore their health in favor of other expenses, which can lead to expensive and preventable hospitalizations. Raymond Compton was aware of this problem even thirty years ago and created this legacy in an effort to prevent it.

During 2014, the fund earned \$36,718 net of fees.

The following list details the gracious supporters who donated to the Major Hospital Foundation during 2014. We are very grateful to each and every one of these donors.

ROYAL OAK SOCIETY:

Members are individuals who have pledged a minimum of \$10,000 over a maximum of ten years.

MAJOR FOUNDATION

Experience the Major Difference

The Major Health Partners Employees kicked off their eighth annual internal campaign in 2014 with the fun theme of “Get Connected to Our Future”—a Lego theme to tie into the campaign for the MHP facility. This campaign is driven by the MHP Giving Tree Committee. Members of the committee include co –chairs, Mona Bernard and Terri Muldoon, Kylie Debaun, Bobbi Ebbing, Lacy Harness, Allison Hoeing, Marci Hungerford, Randy Isley, Mike Knoll, Gena Linville, Tammi Mitchell, Shelley Snyder, Joanie

Thomas, Kelly Wagoner and Janna Zobel.

To continue the fun from previous years, the committee conducted a “Mr. or Ms. Connected” drive. Ten hospital employees agreed to serve as potential candidates for “Mr. or Ms. Connected.” When the employees turned in their pledge cards, whether they chose to make a gift or not, they received the opportunity to vote for their favorite “Mr. or Ms. Connected” candidate at MHP.

The winner was Dr. Cristovao Vieira from the Major Nephrology Department. On the last day of the drive, Dr. Vieira donned the Lego costume and toured the MHP facilities thanking employees for their gifts and hard work they do.

As a result of the internal drive at MHP, the number of MHP employees who donate to the Major Hospital Foundation has grown by fifty-three new members and \$100,236 has been donated to help support quality healthcare at MHP and the new facility.

MAJOR ANGEL

What is the Major Angel Program?

Every week, thousands of patients interact with Major Health Partners. In a sector where it can be difficult to balance between moving quickly and efficiently and making sure that you are fully taking care of all your responsibilities with a smile on your face, some individuals stand out as Major Angels.

Through the Major Angel Program, the Major Hospital Foundation offers patients the chance to give back in honor of Major Health Partners' employees who went above and beyond. Our best individuals show patients how important good health care is and encourage further donations.

Being recognized as a Major Angel allows employees and volunteers who excel to be honored organization-wide. Participation by patients in this program shows staff their work does not go unnoticed and that their extra effort is appreciated.

How Does It Work?

Around 21 days after discharge, the Major Hospital Foundation sends personalized letters to patients. In this letter, patients are thanked for choosing MHP and are given a brochure explaining the Major Angel Program with the choice to donate money and add a message to the special staff or volunteer.

Patients also receive a small card and chapstick advertising the Major Angel Program when they are admitted.

How Do We Honor These Angels?

Donors will receive a personalized letter from the Foundation thanking them for their gift. The Major Angel Honorees receive a personalized letter letting them know a gift has been made in their honor and a lapel pin that can be filled with a new halo each time a patient recognizes the outstanding care they provide.

PINK OUT PARTY

The Major Hospital Foundation partnered with the Benesse Oncology Center and Indiana Grand Racing and Casino for a fun-filled day centered around cancer education and pampering for women!

The event, which took place at Indiana Grand Racing and Casino, included a cancer education room where women could learn about the important screenings available for breast, lung, cervical, skin and oral cancers. The Major Health Partners Referral Center was also in attendance for those women wanting to get a screening scheduled. In addition, each woman could take advantage of a pampering room that included chair massages, eyebrow threading, wine, appetizers and more!

The evening concluded with a buffet dinner at the track where designer handbags were raffled off to four lucky ladies!

One hundred and seventy-one women attended the event that raised over \$1800 for the You Are Not Alone Fund at the Major Hospital Foundation. This fund helps cancer patients at Benesse with needs that are not covered by insurance including food, daily living expenses, medicines, etc.

FINANCIAL HIGHLIGHTS

Gifts to the Major Hospital Foundation:

New Support Received:

Cash: \$412,295

Pledges: \$411,194

Payments on Prior Year Pledges:
\$227,376

Write-offs: \$5,024

Return on Investment: \$3.80 per dollar spent on fundraising.

The Foundation's fundraising program via the Development Council is three years old. According to the Association for Healthcare Philanthropy, other similar organizations whose fundraising programs are less than five years old generally have a return on investment of \$1.77. Organizations whose fundraising programs are between 10.1 and 15 years old generally have an ROI of \$3.22.

Cost to Raise a Dollar: \$.26.

According to the Better Business Bureau, a cost to raise a dollar of up to \$.35 is considered prudent. They also state that costs for newer programs tend to be higher.

MAKING A GIFT:

Gifts to the Major Hospital Foundation are gratefully accepted anytime!

You may choose from the following mission areas:

____ Charity Care

____ Health Education

____ Your New MHP

____ Wherever there is the greatest need
