Volunteer Age

Monetary Value

Monetary Value

- \$537,153 in total monetary value
- In 2021, volunteer time was worth \$29.95 per hour
 - Calculated by IndependentSector.org
- 19 different, on-site volunteer opportunities

Highlighted Programs

Oncology Information Desk

"In addition to the warm welcoming and their readiness to help out in any way that you ask; volunteers do many tasks that we may take for granted. I know I'm going to miss something they do, but here is a list of many things that volunteers do on a regular basis.

- Help patients in and out of our oncology entrance.
- Cleaning the wheelchairs.
- Watering plants.
- Painting - The patients love to see the progress!
- Filling lab bags.
- Playing the piano.
- Making new patient folders.
- Helping oncology patients to and from the main campus.

The only way to truly know EVERYTHING that volunteers do for us is to take them away. That would be tragic. Thank you volunteers!"

-Travis Reeves, Director of Oncology

Emergency Department

"We are very appreciative and grateful for our volunteers. They always have a smile on their face while helping staff, patients, and visitors.

Whether it's escorting patients and visitors back to rooms, collecting and cleaning wheelchairs, or just simply being available to help with whatever is needed, it's the little things they do that make a big difference!"

-Krystal Hutchinson, Director of Emergency Services / ACC

"Our volunteers do a great job helping patients and staff. It can be an overwhelming experience to have to come to the Emergency Department, and having a volunteer with a warm smile can make a world of difference." -KH

"Volunteers play a valuable role as part of MHP health care team. The compassion and dedication they exhibit to patients, employees, and family members creates a positive and warm environment making our jobs easier and less stressful."

-April Hoff, Patient Access Director

Bee Unique Boutique

"I certainly appreciate the volunteers; they are a qualified & dependable group! Jan Caton volunteers in the boutique as a fitter; she is a talented painter and shares her paintings with the patients. Marlene Terrell is another skilled fitter in the boutique; she is a familiar face to many after retiring from MHP. Sharon Coffey has been a long time certified fitter for the boutique. She is very comfortable and pleasant with our patients. We thank all of our volunteers for their commitment!"

-Michelle Batton, Bee Unique Boutique Associate

"Act as if what you do makes a difference... It does."
-William James

Student Volunteers Return!

Our partnership with Blue River Career Center has resumed and the first student returned to the medical center for the spring semester.

Meet LoriAnn Beckner!

"I am attending IUPUC next year with the major of nursing. I have the end goal of becoming a nurse practitioner. During my time at the hospital I have been able to observe many different departments. Observing at the hospital has given me hands on experience and put me in situations that have shown me my love for people and determination to help. This educational program and the people within the hospital have changed my life by showing me which career path I want to pursue."

Married Couple Highlight: John & Jan Caton

John and Jan Caton have been volunteering with MHP since 2015 and 2004 respectively. Jan paints for the oncology patients and volunteers in Bee Unique Boutique; John is a way-finder at the Main Entrance. Jan put her artistic talents to use as an interior designer; John worked in sales. Before they retired John and Jan worked together for an architectural engineering firm. John & Jan are a vital part of our MHP community and just one of many volunteer couples!

Volunteers With Over 500 Hours In 2022

Margaret Waltz

Margaret has been volunteering with us for 3 1/2 years. She volunteers 6 days a week between ER, Renovo, and the Main entrance and served 1861 hours this year!

James Frankiewicz

James has been volunteering 3 days a week at the Health Pavilion for 2 years. He volunteered 992 hours in 2022! James is a 28 year veteran of the US Airforce.

Bill Runnion

Bill volunteers 3 days a week at the Emergency Department where he contributed 512 hours of his time in 2022. Bill is a retired software designer, and he's been volunteering with MHP since 2017.

Ray Howell

Ray volunteered with MHP for nearly 13 years and spent 3 days a week at the Health Pavilion. He accumulated 655 hours in 2022. Ray retired from volunteering in February and he will be sorely missed.

Volunteers With Over 400 Hours In 2022

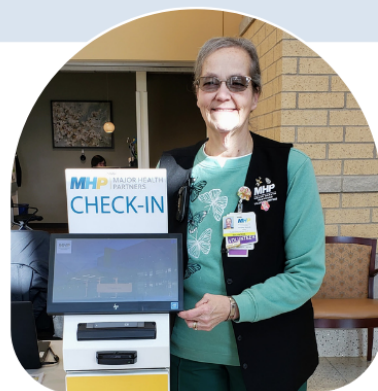

Ed Kummer, 425 Hours

"I can't say enough good things about Ed. He is the true definition of a gentleman. Always willing to jump in and help on any situation. He's very patient oriented. He'd work every day if it were up to me!"
-David Simpson, Navigator/Valet Team Lead

Kim Kummer, 425 Hours

"Kim is a great asset to the lab team. She gets here before anyone else to make sure that the rooms are stocked and tidy, the pagers are cleaned, and the folders are ready to go. She stands ready to help any patient at the kiosk that may need assistance. She always has a positive outlook and is willing to jump in and help with whatever we may ask her to do."

-Emily Childers, Phlebotomy Clinical Supervisor

Elvira Werner, 403 Hours

"Elvira is one of our special volunteers for the Oncology Radiation department. She has worked here since returning from Covid and used to work at the Health Pavilion. She is continually offering to help when someone cannot be here. She is great with our patients, is a wonderful person, and does so much for us here!"

-Tricia Booth, MHP Patient Access

Paul Peterson, 423 Hours

"Paul is a very important part of the ED Volunteer Services; he always does what he is asked to do. He is very kind to all the patients that he assists. He shows up on the days he works with a good attitude and is always ready to get to work when he comes in. He tries to keep the patients in good spirits. Patients seem to enjoy his presence. I would like to thank Paul for what he does."

-Kristen McDonald, ED Registration

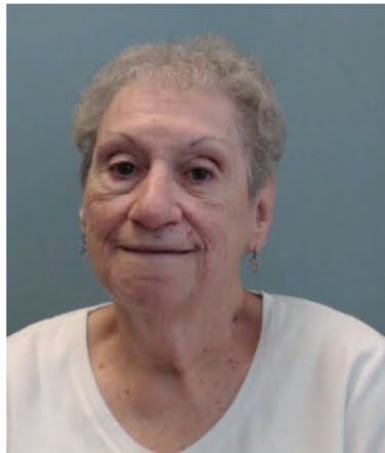

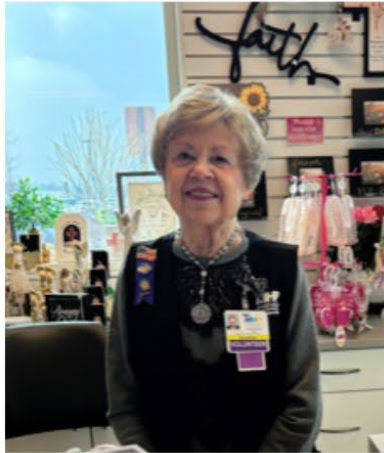

Linda Selke, 425 Hours

"On behalf of Sportworks I'd like to say how much we thank Linda for what she does in our building. She's very attentive to those who visit our building by helping them check in or find their way to where they need to be. She's kind, generous, and friendly; always willing to help in any way. So wonderful to have such a caring heart working with us. We are very blessed. Congratulations, Linda, for being recognized."

-Cynthia Swayze, Office Coordinator, MHP Sportworks Rehabilitation
