MAJOR News

Need a Speaker for Your Event?

Is your club or organization in need of a speaker for an upcoming event? You're in luck! The Major Hospital Foundation Development Council contains a wide variety of volunteers who happen to be professionals from our community. Our experts can speak on a variety of topics including financial planning, insurance, health and wellness, real estate and much more.

To find out more information or to schedule a speaker, contact us at (317) 421-0361 or agill@majorhospital.org.

A Look Into Our Development Council

The Major Hospital Foundation follows a model that is built around a Development Council. This council is a purely volunteer network of community members and business professionals who donate their time in order to serve as a link between Major Health Partners and the community.

The mission of our Development Council is to establish a culture in the community that will increase the philanthropic support of the Major Hospital Foundation. The goal of all activities and processes of the Development Council is to increase community involvement, community service, communication and education, and the awareness of and vehicles for philanthropic involvement.

Our Development Council is led by co-chairs Bob Claxton and Rose McNeely and is composed of seven individual committees including Annual Support, Business Relations, Community Relations, Employee Giving, Planned Giving, Special Prospects, and Major Gifts. In total, this adds up to around seventy individuals from our community who volunteer their precious time and energy. The Major Hospital Foundation is extremely grateful for the commitment from each and every one of these individuals.

Since forming the Development Council in 2011, donations to the Major Hospital Foundation have increased by forty-five percent. In the upcoming Major News newsletters, you can look forward to learning more about each of these committees and its members.

If you wish to opt out of future fundraising requests supporting the Major Hospital Foundation, you can call us at (317) 421-0361 or email us at agill@majorhospital.org, and you will promptly be removed from our mailing list.

Saying "Thanks" to Those Who Care

The donor wall installed last fall in the lobby of Major Hospital recognizes charitable contributions in a permanent and meaningful way.

The Foundation firmly believes in thanking its donors at every opportunity. The wall is designed with this in mind. After all, donors are the lifeblood of our organization. And, not only does the wall recognize donors, it sets an example to the rest of the community that charitable donations are important to Major Health Partners.

Located near the main elevators on the ground floor, the wall currently lists 400 names of donors and has room for more. The wall is organized by cumulative giving levels and includes members of the Royal Oak Society, Major Business Partners, the Acorn Club, MHP Giving Tree, and the Major Legacy Society. It also lists employees who have been recognized through the Major Angel program and includes a set of central panels depicting the history of Major Health Partners.

The Foundation is very proud of its donors and the rich history of MHP. This display is a wonderful way to exhibit our pride and appreciation. Stop by and take a look!

Licensed Clinical Psychologist to Speak with Parents and Grandparents

The Major Hospital Foundation is partnering with the Shelbyville Central School District to sponsor a series of three seminars by Major Health Partners' new Licensed Clinical Psychologist, Ashleigh Woods, Psy.D., HSPP. These one hour seminars will be open to the general public and will be a great opportunity to meet Dr. Woods and listen about relevant issues with our children today. Pizza will be served.

The first of three seminars will be held on September 24, 2014 at Hendricks Elementary in the Large Instruction Room at 6 pm. Dr. Woods will be speaking about Strategies for Dealing with ADHD and other Difficult Behaviors focusing on elementary aged children. On both October 15 and November 12, Dr. Woods will be focusing on middle and high school aged students. Both of these sessions will be held at the Shelbyville High School Golden Bear Room at 6pm with the topics to be determined.

About Dr. Woods:

Dr. Ashleigh Woods received her Doctorate of Psychology (Psy.D.) from The Chicago School of Professional Psychology in 2011. Dr. Woods has trained and practiced in a variety of clinical settings including private practice, university counseling centers, inpatient settings, and residential and intensive outpatient treatment settings.

Dr. Woods works with patients from diverse backgrounds. The foundation of her clinical practice rests on building meaningful connections with her patients by valuing each person's unique experiences. Her therapeutic approach is a blend of interpersonal and existential-phenomenological traditions, along with psychodynamic influences. She works with patients to create an open and nonjudgmental space to explore their concerns and expand their possibilities within life's limitations.

About Major Psychology Services:

Major Psychology Services is an outpatient mental health center affiliated with Major Hospital in Shelbyville, IN. The populations served include children (ages 3+) through adults, with opportunities for individual, group, family, couples, and play therapy, as well as psychological testing.

Did you know...

Every year, Major Health Partners sees approximately 270,000 patients in our physician and outpatient facilities and 4,000 patients at Major Hospital. This averages to around 700 people a day who come through our doors.

2013 Annual Report

The Major Hospital Foundation 2013 Annual Report is now available online at www.majorfoundation.org.

If you prefer a paper copy of the annual report, please call (317) 421-0361. THANK YOU for your support of the Major Hospital Foundation.

Retirement Readiness Seminar

On May 12, the Major Hospital Foundation and the Major Hospital Human Resources Department combined efforts to sponsor a Retirement Readiness Seminar for employees of MHP and other community businesses. This free four-hour seminar was held at Indiana Grand Racing and Casino and included helpful topics such as Preserving My Assets, Long-Term Care Insurance, Health Insurance Options for Early Retirement, and Saving for Retirement. After much positive feedback following the event, the Foundation looks forward to holding additional similar seminars in the future. Stay tuned...

Pizza with a Side of Real Estate

On April 23, the MHP Giving Tree Committee thanked the MHP employees for all their hard work by hosting an informative lunch presentation. Real Estate Broker and Planned Giving Committee Member Nancy Smith spoke about all things real estate to a group of 35 employees.

Funeral Pre-Planning

The Planned Giving Committee is holding a one-hour seminar about Funeral Pre-Planning on July 25 at 5pm at the Benesse Conference Room.

Thirty-one year funeral-industry veteran, Steve Herendeen, will be speaking about the importance of pre-planning your funeral and what to consider during the process.

Interested in attending? Call us at (317) 421-0361 to reserve your spot.

Bee-Unique Boutique Grand Re-Opening

Major Health Partners invites you to visit the newly remodeled Bee-Unique Cancer Boutique, located inside the Benesse Oncology Center at 2455 Intelliplex Drive in Shelbyville. The boutique offers a wide assortment of products and services for cancer patients and survivors. While specializing in wigs, mastectomy bras, and prosthesis, the shop also carries items such as inspirational plaques, jewelry, night lights and gift items.

The Bee-Unique Boutique hours are Monday through Friday, 9 am to 1 pm. The boutique accepts walk-ins for fittings, or call 317-421-1803 to make an appointment.
